

APRIL SYN-PRO

Simply the best!

APRIL SYN-PRO is a long life 100% synthetic blue calcium sulfonate grease made with APRIL NANO 1™ lubricant technology.

Recommended for transportation, heavy equipment, industrial, marine and automatic lubrication system applications involving high loads and extreme temperatures (-60 °C to 180 °C).

240% more load carrying capacity than the most popular synthetic grease!

The most resistant grease to HEAT, COLD, SHEAR, OXIDATION and SALT WATER on the market!

**THE ONLY GREASE
YOU'LL EVER NEED...
IT DOES EVERYTHING!**

APRIL
NANO 1™

MAXIMUM PROTECTION
ULTIMATE PERFORMANCE

Your one stop solution since 1980
